

Why enroll your puppy in our Preventive Healthcare Plan?

We know you want to offer your puppy the best care in his or her first year of life. Plan members will enjoy these benefits:

- ★ Affordable monthly payments for a comprehensive preventive healthcare plan for your puppy's first year.
- ★ Up to three free health examinations to be used when your puppy is sick or injured. Sometimes puppies will be puppies, and they may need veterinary care in their first year. Now there is no need for you to wait and worry!
- ★ Proactive preventive healthcare for your puppy to help get your puppy started off on the right path to a long, happy, and healthy life.

1st monthly payment due at time of enrolment.

A full payment option is available for this plan

**A mature, in-heat or pregnant spay requires additional fees

Puppy Preventive Healthcare Plan

What can our Preventive Healthcare Plan (PHP) do for you and your puppy?

Congratulations on your new puppy! Just like you, we feel it is very important to keep your puppy happy and healthy and to give him or her a great start to life in their new “fur”-ever home! Our PHP packages include all preventive services we anticipate your puppy will need in his or her first year.

Plan value: \$1,100

(up to \$400 in savings)

Puppy Neuter Plan
12 payments of
\$60.95/month (taxes extra)

Puppy Spay Plan
12 payments of
\$65.95/month (taxes extra)

Included in every Puppy Plan:

All Core Vaccinations your Puppy Needs (up to 3 boosters)

- Vaccines are essential to protect your puppy against common diseases and infections.
- Each of our vaccine booster appointments include a comprehensive health examination to assess your puppy’s overall health from the tip of their nose to the end of their tail.

Deworming

(given at each puppy vaccine booster visit)

- Deworming will not only keep your puppy healthy, but also protects you and your family!

Fecal Testing

(up to 3 tests for the year while enrolled)

- Fecal tests look for microscopic parasites that are not treated by regular deworming.
- We want to be sure your puppy, you and your family are safe from parasites!

Spay or Neuter Surgery

- We will make every effort to keep your puppy comfortable and pain-free while they are with us for their “big day”.
- Routine blood testing and E.C.G. is performed to help improve safety of anesthesia

for your puppy.

- I.V. Fluids are administered to encourage a speedy recovery.
- Your puppy will go home with pain medications to control inflammation and help them recover quickly. We will also see your puppy in approximately 2 weeks to check the incision site.

Up to 3 Free Health Exams

(for the year while enrolled)

- No need to wait when you have a concern about your puppy’s health.

Monthly Nail Trims

(for the year while enrolled)

- Your puppy deserves a manicure/pedicure!
